01<sup>st</sup> November 2014

To the Committee of the Northern Rivers Rail Trail Inc

The Byron Bay Cycle Club fully supports the NR Rail Trail project and keenly anticipates the many benefits it will bring to our local community. When completed this will not only attract cycling tourism but will provide a safe cycling / walking route between local towns and much reduce the likelihood of the cycling injuries and deaths that we have seen over recent years.

Due to the popularity of cycling and its health benefits our club membership has grown substantially of late to well over 100. The recreational side of our club has grown most dramatically and includes many commuting cyclists. Please let us know if we can be of any assistance with your project.

Kind regards

Deborah Fuller

Club Secretary  
Byron Bay Cycle Club Inc
